BOARD GOVERNANCE SPONSORSHIP PACKAGE

Bringing together the ideas, people and resources that fuel social innovation.

ABOUT US

Founded in 2009, Capacity Canada is a registered charity that helps non-profits leverage their strengths by allowing them to exercise new ideas to fill unmet needs in their communities. It provides the resources and professional supports that enhance leadership skills, stimulate cross-sector collaboration, promote knowledge sharing, and encourage social innovation.

Our Mission:

Bringing Together the Ideas, People & Resources that Fuel Social Innovation.

Our Vision:

Courageous Inclusive Communities that Excel.

Our Values

Collaboration | Diversity | Optimism | Accountability

ABOUT THE EVENT

Capacity Canada's Board Governance BootCamp offers an exceptional opportunity for building the capacity of boards across organizations. Led by a renowned faculty participatory small-group facilitations, customized resources, and sample problems in an intensive three-day period.

By encouraging attendance by the Board Chair as well as the CEO or Executive Director from each participating organization, the program is unique in deepening the necessary collaboration among an organization's board and leadership team.

The BootCamp will increase your governance abilities by sharing strategies and tools for innovative ways of working that teams can incorporate right away. Outcomes include an improved understanding of roles, new strategies for working effectively, and a renewed focus on the issues that matter most to organizations. Overall, you become better equipped to lead positive change across your organizations and communities.

THESE ARE JUST A FEW HIGHLIGHTS:

Our First BootCamp was held in 2009.

The BootCamp in November will be our 15th Annual BootCamp.

ABOUT THE EVENT

Who Should Attend

We encourage Non-Profit CEOs/Executive Directors and Board Chairs to attend. Many organizations bring their whole Boards.

The Challenge

For any non-profit, the board of directors plays a critical role in making powerful and positive impact as it advances an organization's mission. To fulfill this role, it is imperative that directors are properly trained in the responsibilities and demands of a governance position. Yet many boards often struggle to adequately educate new and existing directors. Without the right education, resources, and guidance for their directors, boards may fall short of reaching their organizational goals.
